

BAY AREA PEACE LANTERN CEREMONY

Parking Access for Volunteers

Here are the special parking instructions for volunteers who will be driving to the park. **NOTE:** Volunteer parking is on the west side of Aquatic Park lagoon, near the lantern-launching area. If you need to have your car near the north end of the park (welcome tables, decorating and art tables, stage), please check with Steve Freedkin (info@peacelanterns.org) as soon as possible. Parking is extremely limited in that area.

Please print out the attached parking pass and put on the driver's side of your dashboard. This will be helpful for cars on the west side of the lagoon on West Bolivar Drive, and *essential* for any volunteers parked on the east side of the lagoon on East Bolivar Drive.

To park on the west side of the lagoon, enter the park at the south end (from Bay Street, Emeryville). You will see a roundabout, and on your left, a gate. The gate should be closed but not locked. Open that gate, drive through, then **close it behind you**. Drive all the way along that road (W. Bolivar Dr.), west to the freeway then north (right) to the end. **Go slowly** because there are hard-to-see dips in the road, and often people with dogs walking along the road, also hard to see because of foliage. Park on the right side of the road where you see cars parked, or if there are none, at least 20 feet back from the open bollards/posts (before the pavement widens into a parking lot) so we have room to park our trucks. See orange line at left in image on next page.

Getting Into the Park — West Side

LIMITED Parking on East Side

If you must park on the east side and have not already reserved parking through our Eventbrite system, you probably can find parking if you arrive before 6 p.m. on East Bolivar Drive, between Bancroft Way and the start of the Plexxikon parking lot. This is shown with a yellow line on the map below. This area will probably be marked with signs that say "Senior/Disabled Parking (Event Permits Allowed). Please display your parking permit (next page) on the driver-side dashboard of your car (inside of the car). **Enter the park via Bancroft Way**; Addison Street will be blocked off once we set up the welcome tables.

If you are volunteering for lantern assembly and launch, the west (orange) parking is closest for you. If you are volunteering at the welcome or art tables or elsewhere, you will need to walk about a block. The east (yellow-line) parking *might* be closer, depending on how many cars are already there when you arrive. If you need to park on the east side, again, please e-mail info@peacelanterns.org as soon as you can to let us know, so we can plan. Thanks!
